

Let Your Light Shine...

DISCOVERY CLUBS OF ALABAMA

John Glasser, Executive Director

You can be a part
of changing
their future...

Today's children are tomorrow's employees. Invest in them now and see a brighter tomorrow.

- Without additional funds, Discovery Clubs is currently unable to accommodate the many requests from principals to come into their schools with our program.
- We are a very frugal non-profit 501(c)(3) organization. All of our staff are part-time employees that have a heart for this program.
- Our cost per club range from \$2,700-\$5,850 depending on the number of grades we are in at each school.
- Corporations can participate by allowing their employees to leave work early one day a week for 23 weeks a year to volunteer.
- Business owners are always welcome to visit a club to see the excitement in the children as they enter the room, and see the relationships that have formed between the children and their mentors.

Corporations are the backbone of our economy. They are the movers. If corporations get behind this program they will find they are helping to improve communities. These improved communities will begin to raise families whose children are obedient and have concern for other people and property. Having future employees who are trustworthy, honest and polite to others will result in less theft, less absenteeism and will show an increase in revenue and provide better working conditions.

Discovery Clubs realize that children need care, love and guidance. Unfortunately, when they do not have that attention they, in most cases, become troubled, a term which covers a multitude of problems.

So many children right here in our country live lives of bewildering helplessness, sadness and anxiety. Their eyes are wide with both innocence and fear as they attempt to understand the violence, drugs, neglect and abuse with which so many of them are surrounded.

Our clubs seek to provide an anchor that every child needs: morality, honesty, courtesy, concern for others, good conduct, good study habits and respect for authority. We strive to instill in these children values and love that will improve racial relations later in their life.

The school principals are reporting that the children in our Discovery Clubs are beginning to behave better and are discovering that they can do well in school and in life.

**Yes, my corporation
will sponsor
Discovery Clubs.**

2nd grade class

\$ 2,700 _____

2nd and 3rd grade class

\$ 3,750.00 _____

2nd, 3rd and 4th grade class
