

LET YOUR LIGHT SHINE

MATTHEW 5:16

Discovery Clubs of Alabama takes the Gospel of Christ to local children in a fun-filled hour called Discovery Clubs

The hour consist of:

- Snack and socializing time
- Volunteers singing songs with children
- Volunteers leading children in a memory verse game
- A Bible lesson taught by a volunteer
- Occasional crafts lead by a volunteer
- Small groups where volunteers get to sit with the children to talk and pray together

Parents see the reward of Discovery Clubs in their children soon after the clubs start

We desire to improve the lives of children and love them for Christ's sake by teaching them thankfulness, loyalty, cooperation, appreciation and respect.

Here is what the parents of Discovery Club children are saying:

- My child likes telling us what he has learned. He is trying to be a better child.
- My child will now listen before he speaks.
- My children are both experiencing the meaning of God's word.
- My child's character has improved; she seems more excited about life.
- My child has grown to work better with other children.
- My child is now more outgoing and talks a lot about the Bible and how people should treat each other.
- My child has learned to be more respectful. He has learned that everyone makes mistakes and that no one is perfect.
- My child loves to attend Discovery Clubs and I like him learning about God at school.
